Re: PM 1349 - Australian Patent Application No. 55018/90
Reddie & Grose: 31087

Dear John:

Enclosed is a copy of the first Action in Australia. Please review and advise on the points mentioned in Nick Marlow's letter of 7 May.

Copies of the references cited and a copy of the claims filed in Australia are included.

On the first point, defining or referencing the term "network," I have forwarded to Nick a copy of the inventor's affidavit filed in the U.S. case, in which the term "network" is referenced in an article, "The Sol-Gel Process," Chem. Rev., 1990, 90, 33-72, pages 33-36 of the article were included (p. 35 and 36 give the discussion on the term.)

If this is not sufficient, I can obtain further comment from Andy Kallianos.

Sincerely,

Beverly
